

**Job Title:** Mountain Operations

**Location:** Black Mountain Ski Area

**Reports To:** Director of Mountain Operations

**Employment Type:** Full-Time Year-Round

### **Company Overview**

Black Mountain, established in the 1930s, is the oldest continuously operating ski resort in New Hampshire. The mountain plays a vital role in the Mount Washington Valley community, significantly contributing to the local culture and economy while providing generations of families with an authentic New England skiing experience.

### **Position Summary**

We are seeking a reliable and hardworking Mountain Operations to support our Director of Mountain Operations year-round. This role focuses heavily on lift and machine maintenance, snowmaking operations, and equipment upkeep to ensure safe and efficient mountain operations.

### **Primary Job Responsibilities**

#### **Lift and Machine Maintenance**

- Assist in regular maintenance, inspections, and repairs of ski lifts and associated equipment to ensure safety and operational efficiency.
- Support the installation and removal of lift components during seasonal transitions.

#### **Snowmaking Operations**

- Assist in the installation of new snowmaking equipment and infrastructure.
- Conduct regular maintenance of existing snowmaking equipment.
- Set up, operate, maintain, and break down/store snowmaking equipment as needed

#### **Equipment Maintenance**

- Conduct preventive maintenance and troubleshooting for machinery and equipment related to mountain operations.
- Keep detailed maintenance records and report any significant issues promptly.

#### **Snow Surface and Trail Maintenance**

- Support grooming operations and snow surface preparation to enhance guest skiing experiences.
- Perform trail maintenance to ensure safe skiing conditions and operational readiness.

#### **Operational Support**

- Perform additional tasks and duties as assigned by the Director of Mountain Operations.

### **Facility Maintenance and Supplies**

- Ensure operational areas are clean, organized, and maintained to high safety standards.

### **Additional Duties**

- Flexibly handle other operational tasks as required to support the overall functionality of mountain operations.

### **Preferred Qualifications and Experience:**

- Prior experience in ski area operations, including snowmaking, grooming, lift operations, or trail maintenance.
- Basic mechanical skills and familiarity with operating and maintaining snowmaking equipment and grooming machinery.
- Ability to perform physically demanding tasks in various weather conditions.
- Strong commitment to safety protocols and attention to detail.
- Team-oriented attitude with good communication and collaboration skills.
- Flexibility to work weekends, holidays, and variable hours as required by operational demands.

Enjoy great perks, including a family season pass valid for up to 5 family members and discounts on retail and food items!

Join our team at Black Mountain Ski Area and contribute to creating exceptional skiing experiences for our guests!
